<ul style="list-style-type: none"> • Great class I learn a lot and the professor did a great job explaining material • Professor was great • This professor is easily one of the best I've has, he explains the examples given to us in the questions but also asks us what we know and uses our own knowledge to create scenarios relevant to the questions to better break down the question so we can get a better understanding, this along with great pacing and reviews once a week make him a great professor. • this class was good. • this course helps me better understands the economic i live in • Professor Rudy was great. Always willing to help students understand anything they had trouble learning. He also made sure his class, powerpoints, and notes were very detailed and easy for us to understand
